10. Carbon Calculator Promotion

Members and partners are asked to share the carbon calculator among their networks, including community associations, committees, interest groups, and chambers of commerce. Numerous resources and communication materials are available to assist with promotion. Please reach out GBB staff for communication materials or with any questions.

ACTION

11. Roundtable

Updates shared from Stakeholders and Partners.

P. Hopkins: The Township of McKellar is holding an environmental committee meeting in the near future. Climate change has been identified as a key issue by the committee and see ICECAP and GBB as having a key role in helping them address climate change.

A. Barton: Working with Township of the Archipelago staff to increase local participation in the carbon calculator through increased communications.

R. Snowball: Carling is working on promoting the carbon calculator among their networks.

F. Pengra: The solar field in the Town of Parry Sound is under development and coming along nicely. SPEEDIER has kicked off and there are exciting projects happening with Lakeland.

P. Koetsier: The Township of Georgian Bay recently hired a communications specialist who is keen on helping with ICECAP.

J. Schnier: Working on a small promotion about what a tree can do. Noted that there is an opportunity to educate carbon calculator participants on options for reducing or offsetting emissions. Prizes for the contest could also be strategically planned to help participants engage in activities that reduce their GHG emissions.

K. Boyle: Encouraging residents in the District Municipality of Muskoka to use the carbon calculator. Beginning community engagement for their mitigation planning.

S. Noganosh: Working with chief and council to solidify a partnership with ICECAP.

N. Guerfala: Hydro One is putting together a presentation that will be made available to ICECAP members and partners. This presentation will focus on raising awareness about Hydro One role as a partner, Hydro One programs available to partners and members, and to solicit feedback to identify opportunities to drive more value for the ICECAP partnership.

A. Chiandet: Helping to promote the carbon calculator.

D. Moffatt: Co-chairs recently had a deputation with McDougall council asking them to join ICECAP. Are in the process of approaching Whitestone council for the same request.
